Lorca Heeney

lorca.heeney-brockett@tuwien.ac.at lorcaheeney.github.io
Technical University of Vienna

British and Irish citizenship.

EDUCATION

PhD, TU Wien 2024-

Supervisor: Marcin Lis

Part III, University of Cambridge 2023-2024

Essay: *Critical exponents in planar percolation* with Wendelin Werner

Sprague and Bartlett prizes in probability.

BA in Mathematics, University of Cambridge 2020-2023

ARTICLES

No LLMs were used in the development or writing of these articles.

1. **Double cluster swapping for spin models: Pfaffian relations and sharpness**
   with Diederik van Engelenburg and Marcin Lis
   Preprint Sep 2026

2. **The Ising magnetisation field and the Gaussian free field**
   with Tomás Alcalde López and Marcin Lis
   Preprint Jan 2026

TALKS

- *Workshop on Statistical Mechanics: Planar and beyond* Vienna, 2026
- *Innformal Probability Seminar* Innsbruck 2026
- *One World Probability Seminar* Online 2026
- *Conference on Geometric Methods in Percolation and Spin Systems* Bengalaru, India 2026
- *Workshop on Statistical Mechanics* Les Diablerets, Switzerland 2026
- *Conference on Topological Phase Transitions and Localization of Random Fields* Santiago, Chile 2025
- *SPA Conference* Wroclaw, Poland 2025

OTHER

- Reviewed articles for IMRN and Mathematical Proceedings of the Cambridge Phil. Society.
- Speaker at VSM PhD colloqium.
